This fixture is UL listed by Stonco. Havis-Shields poles are ETL listed. The listings are compatible, meaning that Havis-Shields poles are ETL listed to mount a floodlight and Stonco floodlights are UL listed to mount our poles. Since Stonco is not produced by Havis-Shields, it is not possible for us to ETL list the product directly with our components; only Stonco can do this.

**Standard** N/A
