

Havis' Guide to Universal Tablet Mounting

Presented by Havis, Inc, an ISO 9001:2008 certified company that manufactures in-vehicle mobile office solutions for public safety, public works, government agencies and mobile professionals. For over 80 years, the Havis mission has been to increase mobile worker productivity with industry-leading products that are built to the highest safety and quality standards and are designed with comfort in mind.

The combination of comfort, safety and quality in a truly universal device is what makes the Havis Universal Tablet Mount the clear choice. Maximize productivity when using your tablet in your vehicle workspace, office or any rugged mobile environment.

What exactly IS tablet mounting?

As mobile workers increasingly utilize tablets in the field, the need for proper in-vehicle and office mounting has arisen. Havis developed the Universal Tablet Mount to securely mount most 10-inch tablets from a wide variety of manufacturers, including Acer, Apple, Asus, Dell, HP, Lenovo, Microsoft, Motorola, Panasonic, Samsung, and Toshiba - with and without cases. *Tablet cases and skins will fit but should be first confirmed with the Compatible Tablet Dimensions.*

Compatible Tablet Dimensions (Part # UT-201) - Tablet measurements should fall within these dimensions

Width: 9.30 - 11.24" (23.6 - 28.5 cm), Depth: 6.83 - 8.13" (17.3 - 20.7 cm), Height: 0.55 - 0.93" (1.4 - 2.4 cm)

Basic Mounting Options

Universal Monitor Mount

The Universal Monitor Mount (C-UMM-101) works with C-MM-200 and C-MM-300 series and easily folds closed for storage when not in use. It is an excellent space saving solution to allow additional equipment to be mounted in a console.

Tilt/Swivel Motion Device

The Havis Tilt/Swivel motion device (C-MD-202) enables 90° vertical tilt for improved viewing angles and 180° rotation for tablets, laptops, docking stations and keyboards. Its easy-to-adjust quick-release handle locks down the preferred position.

Heavy Duty Fixed Top Offset Platform

The Heavy Duty Fixed Top Offset Platform (C-HDM-303) bolts to the C-HDM-200 series and allows for strong, comfortable positioning of equipment. It can be combined with the C-MD-202 for tilt/swivel motion.

Monitor Adapter Plate with Tilt/Swivel Motion Device

The Monitor Mount Assembly (C-MM-218) works with C-DMM-100 series, C-UMM-101, C-MKM-101 and C-MD-202, and extends the VESA 75 hole pattern up an additional 3.5" to position the tablet higher.

Vehicle Specific Monitor Mount Assembly (2010 Ford Explorer and 2013 Ford Interceptor Utility shown)

The vehicle specific monitor mount assembly includes a Vehicle Specific Monitor Mount Base (C-DMM series), a Monitor Adapter Plate (C-MM-201) and a bracket (C-MM-301).

See the Monitor Mount Configurator on www.havis.com to build your own vehicle specific solution.
