**Always!**
- Read all instructions before installing any Havis, Inc. products.
- Check for obstructions (Wires, brake lines, fuel tank, etc.) before drilling any holes!
  - Use hardware provided with install kit

Side Mount
Arm Rest Bracket
Installation and Assembly Notes:

- C-ARPB-110 does not have a C-ARM Bracket

1. Remove one end cap from the extruded printer housing.

2. Place Pentax printer into extruded housing and connect wires.

3. Reattach printer housing end cap.

4. Bolt the complete Arm Rest Printer Mount assembly to the console sides or flat surface as desired with ¼ x ½ bolts, nuts and flat washers.

   The examples below show some completely assembled mounts.
