

Technical Service Bulletin: DS-PAN-110 Series COM Ports (Labeling)

Scope: DS-PAN-110 Series: (DS-PAN-111, DS-PAN-112, etc)

Purpose: To communicate the labeling issue on the DS-PAN-110 series docking stations which identify serial port 1 and serial port 2

Bulletin: For the purpose of user installation, device management, and system integration:

- 1) Logical COM1 is routed to docking serial port designation 2
- 2) Logical COM2 is routed to docking serial port designation 1
