

- Subject:** Havis Model Number C-VS-0814-RAM-1 or C-VS-0814-RAM-2 consoles and Dodge Ram 1500 Special Services Police Truck
- Issue:** The C-VS-0814-RAM-1 console was designed to fit into a 2012 Dodge Ram 1500 Retail pickup truck with 40/20/40 seats. This console mounts to the OEM seat brackets that remain after the OEM center /20/ seat section is removed. If installing this console into a Dodge Ram 1500 Special Services Police Truck, the seat mount brackets are not included. This is the same for the C-VS-0814-RAM-2 / 2013-2019 Special Services Police Truck with "Classic" DS body style.
- Solution:** If installing a C-VS-0814-RAM-1 or -2 console into a Dodge Ram 1500 Special Services Police Truck, you must order the following Dodge seat brackets and hardware from a Dodge parts supplier. Havis, Inc. does not provide these OEM parts. However Havis, Inc. does offer optional C-B66 mounting kit that works instead of the OEM brackets shown.
- Note:** C-B66 or OEM brackets do not apply to 2019 Ram with new DT body style.
