<b><u>QTY</u></b>	<b><u>DESCRIPTION</u></b>	<b><u>PART#</u></b>
1	Front mounting bracket	25149
1	Rear mounting bracket	23700
8	1/4" x 3/4" Carriage bolt	16223
8	1/4" Serrated nut	16013

#### **Always!**

- Read all instructions before installing any Havis, Inc. products.
- Use hardware provided with install kit

Remove the OEM tunnel plate from the center.  
Retain the (4) 10mm head bolts for later use.

Remove the nut for the factory ground wire and  
unclip harness.

Slide forward mounting bracket under OEM  
harness and ground stud.

Once the bracket has been slid under the harness,  
reinstall ground wire back onto stud using previously  
removed nut.

Line front of bracket up to center dash. Attach  
using previously removed 10mm head fasteners.

Place rear mounting bracket over rear  
mounting tabs.

Attach rear mounting bracket using previously removed 10mm head fasteners.

Place console housing over front and rear mounting brackets and slide towards dash.

Attach rear of console to rear mounting bracket with 1/4" x 3/4" carriage bolts and serrated nuts.

Attach passenger side of console to front mounting bracket with 1/4" x 3/4" carriage bolts and nuts.

Attach driver side of console to front mounting bracket with 1/4" x 3/4" carriage bolts and nuts.

Run wiring for printer through left side of printer bracket opening.

Install Brother PocketJet 7 and paper roll into printer holder.

Wire and install all equipment.
