

All New Havis Docking Station for Panasonic TOUGHBOOKS 30 & 31

When rugged counts

The new Havis® Docking Station for the Panasonic TOUGHBOOK 30 and Toughbook 31 is the lightest, strongest Panasonic compatible dock on the market providing the safest, most reliable solution for mobile computing applications. Compatible with Panasonic Toughbook 30 as well as every level of the new Toughbook 31.

Smallest Footprint

Taking up less cabin space than any other dock currently available, the lightest weight of any comparable product.

Insightful Design

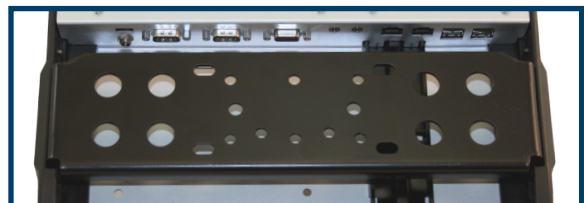

- The only unit with a spring mechanism in the docking head, maximizing device uptime
- Wear and Corrosion resistant stainless steel for all structural and mechanical components
- Integral mounting available for optional Power Supply and Rugged Communications Hub
- Threaded Power Input connector to ensure no disconnects
- Mounting Bracket equipped with integrated hole patterns to accommodate most competitors mounting devices.
- Docking Connector LED for troubleshooting docking issues

Tested to the highest standards

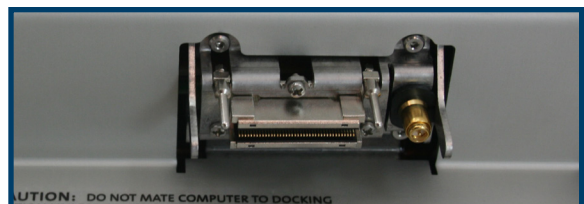

Panasonic TOUGHBOOK Certified, MIL-STD-810G, SAE J1455, CISPR 22, CE and FCC compliant

DS-PAN-111 Docking Station with a Panasonic TOUGHBOOK 31 inside a Ford Crown Vic.

Mounting Bracket with integrated hole patterns to accommodate most competitors mounting devices.

Docking Head Connector shown in the activated 'DOCK' position without a docked computer in place.

Havis Docking Station for Panasonic TOUGHBOOKS 30 & 31
