

All New Mobile Office Solutions for the 2011 Ford Explorer

Increase Mobile Workforce Productivity

At Havis, we strive to engineer mounting and computing solutions that keep your mobile workforce productive and comfortable during long shifts. The new Ford Explorer vehicle specific console fits precisely to the OEM instrument panel, and incorporates the mounting areas for the gear shifter, aux input panel and the terrain management switch. For added convenience, the console includes two 12 volt sockets and dual cup holder.

Havis offers *Premium* and *Standard* Passenger Side Mount packages, which are designed to make the ordering process easier. The 2011 Ford Explorer Heavy Duty Vehicle Mount (Base Only) is also available to provide a sturdy mounting base for a variety of universal laptop, keyboard and docking station mounts. (See page 2)

2011 Ford Explorer Vehicle Specific Console (C-VS-1600-EXPL-1)

This new 16" vehicle specific console has been designed to precisely fit to the OEM instrument panel with a custom look and without permanent modification. In addition, the console has mounting holes on the passenger side to accept the optional C-HDM-204 telescoping computer mount.

Heavy Duty Vehicle Mount (C-HDM-153)

Vehicle specific base provides a rugged mounting platform for laptop docking stations, and optional top offset plates allow for comfortable positioning.

Tunnel Mount Assembly (C-TMW-EXPL-01)

Accepts all Havis consoles, which allows for mounting of deeper control heads and additional accessories.

Safety and Comfort for Your K9 Partner

The new Havis K9 Transport System for the 2011 Ford Explorer allows the driver seat to move all the way back for officer comfort. Besides radius corners and heavy-duty white powder coat finish, it features new, larger side-entry openings for improved canine entry and exit, as well as easier access for cleaning.

For increased canine safety, the unit includes generous ventilation holes plus two additional ducts that connect to the rear OEM climate control vents. Optional fans can also be mounted on either driver or passenger side of the rear wall.

2011 Ford Explorer K9 Transport System (KK-K9-F16-K)

Premium Passenger Side Mount Package (PKG-PSM-253)

Premium Passenger Side Mount Package:

- Vehicle-specific mounting base that mounts to existing OEM seat bolts for easy installation and requires no modification to vehicle
- Heavy duty height-adjustable poles that bolt to vehicle-specific base for on-demand adjustability for multiple users and easy storage when not in use.
- Upgraded swing arm with motion adapters that are ideal for computer usage from both the driver and front passenger seats
- Stability support arms that add upper pole support for premium top level stability

Standard Passenger Side Mount Package:

- Vehicle-specific mounting base that mounts to existing OEM seat bolts for easy installation and requires no modification to vehicle
- Heavy duty poles without height-adjustable handle that include collar only to set fixed height at installation
- Tilt/swivel motion devices that enable 180° horizontal rotation for keyboards, laptops and docking stations
- Top offset plates that allow for strong and comfortable positioning of computer equipment

Standard Passenger Side Mount Package (PKG-PSM-153)
