

DM-1000 FOR HP ENGAGE ONE PRO

INCREASE THE VERSATILITY OF YOUR HP DEVICE WITH THE DM-1000 SERIES DISPLAY MOUNT FROM ENS

The DM-1000 Series from Havis is a revolutionary line of display stands for All-in-One and Tablet POS Systems such as the HP Engage One Pro*. With fantastic versatility, full range display tilt and rotation and the option for dual/back-to-back configurations, the DM-1000 from Havis will improve the experience of both customers and staff. Payment and scanning functionality can also be added, making the DM-1000 an ideal solution for essentially any industry or use case.

*This solution is not compatible with the HP VESA Hub - HP Slim VESA Adapter is required.
